THE OLD COUPLE.

It stands in a sunny meadow,
The house so mossy and brown,
With its cumbrous old stone chimneys,
And the gray roof sloping down.

The trees fold their green arms around it,
The trees a century old;
And the winds go chanting through them,
And the sunbeams drop their gold.

The cowslips spring in the marshes,
And the roses bloom on the hill,
And beside the brook in the pastures
The herds go feeding at will.

The children have gone and left them,
They sit in the sun alone;
And the old wife's ears are failing,
And she harks to the well known tone,

That won her heart in her girlhood,
That has soothed her in many a care,
And praises her now for the brightness
Her old face used to wear.

She thinks again of her bridal—
How, dressed in her robe of white,
She stood by her gay young lover,
In the morning's rosy light.

Oh, the morning is rosy as ever,
But the rose from her cheek is fled,
And the sunshine still is golden;
But it falls on a silvered head.

And the girlhood dreams once vanished,
Come back in her winter time,
Till her feeble pulses tremble
With their thrill of spring-time's prime.

And looking forth from the window,
She thinks how the trees have grown,
Since, clad in her bridal whiteness,
She crossed the old door-stone.

Though dimmed her eyes' bright azure,
And dimmed her hair's young gold,
The love in her girlhood plighted,
Has never grown dim or old.

They sat in peace in the sunshine,
Till the day was almost done,
And then, at its close, an angel
Stole over the threshold stone.

He folded their hands together—
He touched their eyelids with balm,
And their last breath floated upward,
Like the close of a solemn psalm.

Like a bridal pair they traversed
The unseen mystical road,
That leads to the beautiful city,
"Whose builder and maker is God."

Perhaps in that miracle country,
They will give her lost youth back,
And the flowers of a vanished spring-time
Will bloom in the spirit's track.

One draught from the living waters
Shall call back his manhood's prime,
And eternal years shall measure
The love that outlived time.

But the shades that they left behind them,
The wrinkles and silver hair,
Made holy to us by the kisses
The angel had printed there.

We will hide away 'neath the willows,
When the day is low in the west,
Where the sunbeams cannot find them,
Nor the winds disturb their rest.

And we'll suffer no tell-tale tombstone,
With its age and date, to rise
O'er the two who are old no longer,
In the Father's House in the skies.

JIM WOLF AND THE TOM-CATS.

Here is one of Mark Twain's good stories. He knows how to make the reader laugh, and if the following does not provoke a smile, it is because there is no mirth in mankind during the hot weather:

I knew by the sympathetic glow upon his bald head—I knew by the thoughtful look upon his face—I knew by the emotional flush upon the strawberry on the end of the old free liver's nose, that Simon Wheeler's memory was busy with the olden time. And so I prepared to leave, because all these were reminiscences—signs that he was going to be delivered of another of his tiresome personal experiences—but I was rather too slow; he got the start of me. As nearly as I can recollect, the infliction was couched in the following language:

"We were all boys, then, and didn't care for nothing, and didn't have no troubles, and didn't worry about nothing only how to shirk school and keep up a revivin' state of devilment all the time. Thish-yar Jim Wolf I was talking about, was the 'prentice, and he was the best hearted feller, he was, and the most forgivin' and onselfish I ever see—well, there couldn't be a more-bullier boy than what he was, take him how you would; and sorry enough I was when I seen him for the last time.

"Me and Henry was always pestering him and plastering hoss-bills on his back and putting humble bees in his bed, and so on, and sometimes we'd crowd in and bunk with him, not'standing his growling, and then we'd let on to get mad and fight acrost him, so as to keep him stirred up like. He was nineteen, he was, and long and lank, and bashful, and we was fifteen and sixteen, and tolerably lazy and worthless.

"So that night, you know, that my sister Mary give the candy pullin', they started us off to bed early, so as the company would have full swing, and we rung in on Jim to have some fun.

"Our winder looked onto the roof of the ell, and about ten o'clock a couple of old tom-cats got rarin' and chargin' around on it, carryin' on like sin. There was four inches of snow on the roof, and it was frozen so that there was a right smart crust of ice on it, and the moon was shining bright, and we could see them cats like daylight. First they'd stand off and e-yow-yow, just the same as if they was a cussin' one another, you know, and bow up their backs and push up their tails, and swell around and spit, and then all of a sudden the gray cat would snatch a handful of fur out of the yaller cat's ham, and spin her around, like a button on a barn door. But the yaller cat was game, and he'd come and clinch, and the way they'd gouge, and howl; and the way they'd make the fur fly was powerful.

"Well, Jim got disgusted with the row, and 'lowed he'd climb out there and shake them off'n that roof. He hadn't really no notion of doin' it, likely, but we everlastingly dogged him, and bully ragged him, and 'lowed he'd always bragged how he wouldn't take a dare, and so on, till bimeby he histed up the winder, and lo! and behold you, he went—went exactly as he was—nothin' on but a shirt, and that was short. But you ought to have seen him! You ought to seen him creeping over that ice, and diggin' his toe nails and finger nails in for to keep from slippin'; and above all, you ought to seen that shirt a flappin' in the wind, and them long, ridicklous shanks of his'n a glistenin' in the moonlight.

"Them company folks was down there under the eaves, the whole squad of 'em, under that onery shed of old dead Washin'ton Bower vines—all settin' round about two dozen sassers of hot candy, which they'd sot in the snow to cool. And they was laughin' and talkin' lively; but bless you, they didn't know nothin' 'bout the panorama that was goin' on over their heads. Well, Jim, he went a sneakin' and sneakin' up, unbeknowns to them tom-cats—they was a swiskin' their tails and yow-yowin' and threatenin' to clinch, you know, and not payin' any attention—he went a sneakin' right up to the comb of the roof, till he was within a foot'n' and half of 'em, and all of a sudden he made a grab for the yaller cat! But by Gosh he missed fire and slipt his holt, and his heels flew up and he flopped on his back and shot off that roof like a dart—went a smashin' and a crashin' down through them old rusty vines, and landed right in the dead centre of all them comp'ny people—sot down like a yearth-quake in them two dozen sassers of red hot candy and let off a howl that was hark from the tomb! Them girls—well, they felt, you know. They seen he warn't dressed for comp'ny, and so they left. All done in a second; it was just one little warwhoop, and a whisk of their dresses, and blame the wench of 'em was in sight anywheres!

"Jim he was a sight. He was covered with that bilin' hot molasses candy clean down to his heels, and had more blasted sassers hangin' to him than if he was a Injin princess—and he come a prancin' up stairs just a whoopin' and a cussin', and every jump he shed some china, and every squirin he fetched he dipped some candy!

"And blistered! Why, bless your soul, that poor cretur couldn't really set down comfortable for as much as four weeks."

A FRIGHTENED SNAKE.—Two young Nimrods, seeking what they might shoot in the shape of birds of prey, espied a woodpecker just making his entrance into a sassafras stub at a point some twenty-five feet from the ground. Not being quick enough to "bring him down" with powder and shot, one of the hunters proposed bringing him down by climbing to his retreat. He had ascended to within a few feet of the nest, when to his *infinite* amusement, a black-snake that had taken up his abode in the small tree, projected his head and forked tongue almost in the climber's face. There was a "sudden goneness," not only about the stomach, but in every limb of the aspirant, while his downward tendency was truly alarming. But the earth was soft, and with returning breath came consciousness. To his companion's inquiry if he was much hurt, he replied: "Don't be alarmed, I'm all right; but if you want to see a scared snake, just climb up into that tree about twenty feet."

Two Irishmen were at work in a bog, when one of them fell on a piece of quicksand and began to sink. His companion, frightened, ran for assistance, and finding a farmer, begged him to bring a rope and come before it was too late. "He is already in up to his ankles," exclaimed the friend in despair. "Oh," said the farmer reassured, "then there is plenty of time."

"Not a moment, for you see he went in head foremost."

THE working men of Allegheny county have organized a Working Men's Party, and put a full county ticket in the field. They have an able organ in the *Evening Advocate*, are holding meetings which are largely attended, and seem to be confident of success. Their candidates and their speakers come from the ranks of the working men, and the arguments put forward by their orators are calculated to have great weight with the toiling masses. While they disavow all connection with either the Democratic or the Republican parties, the utterances of their speakers are naturally in opposition to very many of the crude political theories and the corrupt class legislation of the Radicals, who have contrived to bind such heavy burthens upon the toiling white men of the North, while they seem to be constantly running over with sympathy for the negro.

THE announcement of Colonel Frank Jordan to the Radical ratification meeting at Horticultural Hall, that "from reports he had heard he was apprehensive the Democrats would carry the city," clearly shows that the Pharisees are in great tribulation at the certain defeat that awaits them at the polls. While the Radicals are thus indulging in gloomy fears as to the result, the Democracy are full of hope and enthusiasm. The tremendous gains made by the friends of "the good old cause" in Maine, Montana, Maryland, Kentucky and California, have inspired them with fresh vigor. Let no exertion be spared to get out every Democratic vote, and Pennsylvania will be placed at the head of the list of States which have overwhelmingly repudiated the Congressional traitors.—*Phila. Age.*

COUNCIL No. 9 of the Union League of Savannah, Georgia, (a "colored" institution,) has formally notified the editor of the Savannah *Republican* that he must change his course towards the "colored people," or "one thousand members will take such legal and natural means to stop you as the law and the God of nature have been pleased to place within our power." The paper had merely opposed confiscation and advised the negroes to moderation. The notorious Boston darkey, Bradley, is said to be the instigator of the impudent bulletin. Wilson and Kelley had better go down there and stump awhile in favor of freedom of speech and of the press for the oppressed whites.

IN a three-column letter to the *Press*, Forney urges the white working men of Pennsylvania do endorse negro suffrage and negro equality by voting for Judge Williams. He concludes as follows:

> Let the Republican mechanic and workingman, who are constantly sought to be deceived, weigh all these considerations carefully; and if they do, they will I think, come to the conclusion that if it was right to crush the rebellion, to overthrow slavery, and arm the freedmen for the sake of preserving free institutions, it is right that there should be no political distinctions among any of the children of our great Republic.

Can the working men see that?

ANOTHER STATE GIVEN TO THE NEGROES.—The vote of Mississippi, under the Radical negro suffrage registry law, is nearly completed, and stands as follows:

Whites	26,832
Blacks	31,542
Indians	29

The remaining counties will no doubt increase the majority for the negroes. They will have the power under the majority rule, therefore, to elect a negro Governor, State officers, a negro majority in the Legislature, with negro Congressmen and United States Senators.

BUFFALO bakers are now obliged to stamp every loaf of bread with their initials. The law against light weight and poor material is being rigidly enforced. Bread which does not come up to the standard is confiscated for the benefit of the poor, besides a fine of twenty-five cents per loaf.

TEXTS FOR THE NEGRO SUFFRAGE ORATORS.

I hold that the government was made on the WHITE basis, by WHITE men, and THEIR POSTERITY FOREVER, and should be administered by WHITE MEN AND NONE OTHERS. I do not believe that the Almighty made the negro capable of self-government.—*Stephen A. Douglas.*

I will say then, that I am not or never have been in favor of bringing about, in any way, the social and political equality of the white and black races; that I am not or never have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, or intermarrying with the white people; and I will say in addition to this, that there is a physical difference between the white and the black races which, I believe, will fover forbid the two races living together on terms of social and political equality. And inasmuch as they cannot so live, while they do remain together, there must be the position of superior and inferior, and I as much as any other man am in favor of having the superior position assigned to the white man."—*Abraham Lincoln.*

DUTY OF DEMOCRATS.

The coming election will be, in many respects, a much more important one than that of last fall. Then a Governor was to be elected for three years, now a Supreme Judge is to be elected for *fifteen*; then the work of destroying the government had not been carried so far by the Mongrels as now, and the ruin to be averted was not so close upon us. Democrats have as much to work for now as they ever had before, and if we are not derilect in our duty we will carry the election overwhelmingly.

Many men think that their whole political duty is done when they go to the polls and vote; and no one could blunder into a greater mistake. It is the duty of every man to use every legitimate influence he can command to secure the success of his principles. In a campaign like we are now engaged in, this is especially true. The issue between the two parties involves the very life of the republic, and every man who loves his country or values liberty is bound, not only to vote, but to spend his money and his time, in the cause which he believes to be right. This fall, no stone should be left unturned, no influence which could be brought to bear upon any one should be neglected. Let active and efficient Democrats everywhere, who know the importance of success now, work unceasingly to achieve it. They cannot otherwise do their whole duty.—*Democratic Watchman.*

Strong Radical Endorsement of Our Candidate.

Over forty thousand Republicans of Philadelphia voted for Judge Sharswood when he was last a candidate for the position he now fills so ably. That was in the very hottest excitement of the war. He was then regarded as sufficiently loyal, and was considered sound on all constitutional questions. No paper in Philadelphia then spoke of him except in terms of the highest praise. The assaults made by them upon him now, come with a very bad grace. Either they lied when they praised him, or they are lying now. Which it is any man of sense can easily tell for himself. The people of Philadelphia and of the whole State know Judge Sharswood so well that the falsehoods of a set of mercenary and corrupt political scribblers cannot effect his fair fame. That he will be elected by a large majority there is no reason to doubt. He is just the man to be placed on the Supreme Bench, and the lawyers, the business men, the capitalists and the masses of the people all know that to be the fact. Even the Republicans of Philadelphia can not "go back on" their endorsement of him. Multitudes of them will vote for him.—*Lanc. Intel.*

A WOMAN RAVISHED IN HER SICK BED BY NEGROES.

The Cleveland *Plaindealer* has an account of one of the most brutal and sickening outrages we were ever called upon to notice. It was perpetrated at Tiffin, Seneca county, in this State, on Sunday night last, at nine o'clock. The facts of the affair, so far as the *Plaindealer* had been able to learn them, are these: The young wife of Mr. Seinsoth, a respected German citizen of Tiffin, gave birth to her fourth child, last Friday afternoon. On Sunday evening Mr. Seinsoth went down town to procure some medicine, and in his absence two negroes forced their way into the house, at the hour in question. The black fiends immediately seized and ravished Mrs. Seinsoth—having previously crammed a handkerchief into her mouth to prevent her crying out. The unfortunate woman is in a very precarious condition.

Of course, intense excitement prevails among the German and other citizens of Tiffin and vicinity, over the dreadful outrage. Mrs. Seinsoth is confident she can recognize the perpetrators of the crime if brought before her, and every negro in the county is being arrested, in hopes the guilty ones may be found.—*Cincinnati Enquirer.*

READER, is this your paper, or does it belong to your neighbor? If the latter, you should subscribe at once, and not trouble others for what belongs to them.

—The election in California is pronounced by the *Star* "not a Democratic victory in any sense." We should be happy to hear of that sort of Democratic defeats for a few months to come.—*Norwich (Conn.) Advertiser.*

ANTIETAM AND GETTYSBURG.

The New York *World*, commenting upon the dedication of the Cemetery at Antietam, clearly shows that both that destructive battle and the still more bloody one at Gettysburg, were the result of the hatred of Stanton to McClellan, and the selection of utterly incompetent men to fill the position from which he was removed on account of political reasons and mean jealousy. The *World* says:

It was in consequence of setting up General Pope as a rival to General McClellan in Virginia, that those great disasters befell our troops under the command of Pope, which enabled the victorious rebels to cross the Potomac in full force, and compelled the *frightened* authorities to reinstate General McClellan in command to save the national capital. It was by the great victory of Antietam that he broke the strength of General Lee, and compelled him to slink away in the night and recross the Potomac. As soon as the Washington authorities were thus relieved from their terror, political jealousy of Gen. McClellan revived in all its venom. With the laurels of a recent victory thick upon his brow, this able commander, the idol and admiration of his soldiers, was driven from the army never to return. A succession of terrible reverses, the direct consequence of his removal, enabled the rebels to recover more than they had lost in their first invasion, to send consternation through the whole North by its repetition, and to give occasion for the hardly-contested field of Gettysburg, on which more depended than on any other battle of the war. Had General McClellan been properly supported, there would have been no second Bull Run, and consequently no Antietam. Had General McClellan been continued in command after his victory at Antietam, there would have been no Fredericksburg, no Chancellorsville, and consequently no Gettysburg. Antietam and Gettysburg were fought to repair hideous disasters, to recover lost ground, to repel invasions which became possible only by the profligate and unhallowed mismanagement of the authorities at Washington. *Monuments on those* great historic spots are commendable and becoming as tributes by a grateful country to the memory of the brave citizens who there *fell in its defence*, but what is the relation of those monuments to the scores of thousands of equally brave citizens whose blood cries from the ground against official imbecility and blundering, in the vast slaughter-pens on the soil of Virginia? If their lives, sacrificed in vain, had been spared, there would have been no occassion for these great cemeteries on Northern soil.

"And the angel said unto me, Write. And I said, What shall I write?"

When History asks Arithmetic to be her amanuensis, she will dictate this sum in addition: Set down the numbers who fell in the disastrous Virginia battles under Pope; beneath this place the number who were uselessly sacrificed in Burnside's slaugther-pen at Fredericksburg; then the enormous losses under Hooker at Chancellorsville; then the heroic multitudes who fell in the two rebel invasions; add up the fearful sum, and the amount will be the hideous cost in human life of Stanton's injustice to General McClellan.

MILITARY DESPOTISM.

Military rule has brought forth some terrible fruits in Texas. Gov. Throckmorton, who was forced out of his high office to make room for one of Gen. Sheridan's pets, has written a letter reciting, to a small extent, the state of affairs in that down-trodden region. An exchange says of it:

> The details are shocking and in some instances utterly revolting. A negro who has ravished a young white girl is taken out of the hands of the civil authorities and shielded from the penalties of the law. An insolent and upstart lieutenant publishes an order such as Nero might have gloated over, and afterwards, acting in the spirit of his threat, murders part of a family in the night time in cold blood. And Gen Griffin, when this atrocious occurrence is reported to him by Governor Throckmorton, refuses even to investigate it.
>
> An invalid old man is thrust into prison on a vague charge of having attempted to obstruct the registration of a negro, and treated with such brutality by the soldiers that he dies in a few hours. All sorts of oppression has been practiced upon the whites by the officers of the Freedmen's Bureau. Troops are kept idle in the centre of the State, where they are only a useless expense, while hundreds of citizens are murdered by Indians on the Texas frontier. And to keep up this kind of rule in the South the toiling millions of the North are compelled to pay many millions of dollars annually. Was it not time to remove Sheridan? Is it not time to put an end to this whole system of costly and outrageous despotism? What say the masses of Pennsylvania?

GEN. Lyle, the Democratic candidate for Sheriff of Philadelphia, who marched with his regiment to the defence of Washington at the first call for troops and served until the close of the war, participating in all the battles of the Army of the Potomac, is now denounced by the *Press* as a "rebel sympathizer." Forney made a fortune by the rebellion, and this is his opinion of the men who helped to crush it.

THE Boston *Post* declared, a few days ago, that—

> "The President has determined to be master of the situation. He has exhausted every effort at harmony and conciliation, and is resolved to resist to the utmost. Mr. Johnson declared to a party of friends to-day that, having exhausted every effort at conciliation, he should now unflinchingly enforce every Constitutional power to save the country from impending ruin; that the simple issue was Constitutional Government or Military Despotism, and he had fully resolved upon the course he should adopt to fulfill the plain requirements of his office."

Stick to that, Mr. President, and the country will stand by you.

THE *National Intelligencer* closes an analysis of the scope of the recent proclamation of amnesty by stating that, "upon the whole, after the disposition of the applications for special pardon now on file, which we hope will be done in the spirit which dictated the proclamation, it is not believed that the entire number of the excluded will finally reach beyond a few hundred."

THE Radicals attribute their overthrow in California to disaffection brought about by corruption in their own party. As there are many honest men among them in Pennsylvania, may we not expect a similar result from the same cause?

In East Baton Rouge, Louisiana, two negroes, Louis Francois and Marcellin Lange, and one white man, G. W. Regan, have been nominated by the Radicals for Congress. In the parish of Rapides G. T. Kelso, negro, is the regular Radical candidate, who is opposed by an independent negro named Colonel Cupid Brooks. The darkies are determined to show that, in that State at least, they are the superior race.

THE swallows in the vicinity of Washington have migrated to the southward thus early. The augurers predict an early winter.

Thaddeus Stevens on Radical Corruption!

"I fear that we shall lose Pennsylvania this next election. Mount Rock and New Salem, Saturday evening, September 28;

Abbottstown, Monday evening, September 30;

RALLY, White Freemen!
CALIFORNIA has spoken!
Let PENNSYLVANIA answer!

W. A. DUNCAN,
Chairman Dem. Co. Com.

Sept. 27, 1867.

CHANGE IN THE MODE OF VOTING.

As the law of the State stands two tickets, or slips, must be voted at the coming election, the one to be labelled outside "Judiciary," and to contain the name of the candidate for Judge of the Supreme Court; the other to be labelled "County," and *to contain the names* of all other officers who will be voted for this fall.

FOREWARNED AND FOREARMED.

We caution Democratic papers and voters to be prepared for the hurling of some exciting fire-brand into the campaign between now and the day of the election. The Radical leaders have become convinced that they cannot carry the State on the legitimate issues between the two parties, and will spare no pains to get up some sensational topic that will divert the minds of the people from the real principles at stake. They know well enough that when the good judgment of the voters is allowed to control, it will decide against them by an overwhelming majority, and that their whole chance of success depends on getting up a furor of some sort. Already we see indications in Forney's Press and other channels, that the unscrupulous means by which the Radicals have won previous victories are being diligently prepared *for the same use this year. If they* cannot get up a disturbance in the South, they will invent a canard about the President, with which they will hope to effect the same object. The probability is that it will take the shape of forged papers and documents tending to convict Mr. Johnson of a design to revolutionise the Government. We ask our friends to be on their guard and stand ready to meet the plot in whatever form it may appear. The time is near at hand when it may be expected. Let the people be prepared for it beforehand, and let us be on the alert to give the matter its death-blow at once.

ORGANIZE! Now, at once! Lose not a single day! Victory is within our grasp. Who would stand back and lose the long-hoped for triumph by his carelessness? No true Democrat will stay at home at this election. *Let all turn out —all*—ALL—ALL—and Pennsylvania will be redeemed as sure as the sun will rise on election day.

VOTERS of Adams county, remember that the Democratic candidates stand on the WHITE MAN'S PLATFORM, which is opposed to negroes at the ballot box, negroes in the jury box, and negroes in the schools with white children.

VOTE for Nicholas Heltzel, for the Legislature. He served one term honestly and faithfully. He succeeded in getting the Damage bill through the House—although McConaughy, with plenty of time, allowed it to fail in the Senate. Honest and efficient, the interests and honor of Adams county demand Mr. Heltzel's return.

REMEMBER that it only requires a change of 8,590 votes on last year's election to elect Judge Sharswood. A change of only two or three votes in every election district will effect that result. Go to work vigorously, then, Democrats, for a victory this fall will insure a Democratic President, a reunion of the States, a simmering down of all agitation and the return of peace, good will and prosperity.

VOTE for H. D. Wattles, for County Treasurer. He is an old citizen and a good business man, and will make a first-rate officer.

THE Radicals *reduced* the State debt, by *borrowing* money at six per cent. to pay off bonds for money loaned to the State at *five per cent.*

VOTE for Martin E. Bollinger, for Auditor. A good accountant, and strictly honest, he will fill the post admirably.

A WORD TO DEMOCRATIC LEADERS IN THE TOWNSHIPS.

The day of election is fast approaching, and we believe it to be the duty of every Democrat to go to work earnestly in behalf of his party. The Radicals are already at work. They are exerting every influence for the success of their ticket. In the large cities and towns the work will be easily performed, and the entire vote can be polled without much difficulty. *The triumph of our ticket depends entirely upon the vote in the rural districts.* We ask then of every man who desires the success of our principles to commence the work at once. Hand your neighbor your paper, ask him to read it and think over the issues which it may from time to time discuss. Ask him to inquire into the past record of our worthy candidate for the Supreme Bench, and compare it with that of the candidate on the Radical ticket. Judge Sharswood is *acknowledged to be a gentleman of high* moral character, a christian, an eminent and impartial judge. He stands on a platform in favor of law, order and the Constitutional rights of all men. Judge Williams, it is enough to know, stands upon a platform which compels him to disregard the law of the country to subserve the interests of his party. Ask him to compare the platforms upon which they stand. Ask him to look back at the extravagance of the last Legislature; at the enormous public debt to be paid from the hands of the laboring classes. Talk to him of the suicidal policy of the present Congress. Point out the great revolution in sentiment that has lately taken place in Connecticut, California, Maryland, Kentucky, the New England States, Western Virginia, and even in the Territories. We ask our friends to commence the work at once—make arrangements to get every voter to the polls on the day of election. Rain or shine, falter not. We can carry Pennsylvania. We can elect our standard bearer by fifteen thousand majority. To work, then!—energetic and untiring work!—and a glorious Democratic harvest will be the result.

THE NEGRO VOTE AS A BALANCE OF POWER.

The Radicals, seeing the swelling torrent of public sentiment rising against their negro supremacy policy, begin to sing small. One of their organs in this city had a labored article yesterday, appealing pathetically to the public in behalf of the "poor negro." It asks, "shall *four millions of our countrymen* be henceforth serfs and outcasts in the land of their birth with their descendants through all generations?" It calls this "the main question—the great question remaining to be solved by the judgment and votes of the American people." Now this is the merest balderdash and claptrap nonsense. The writer knows very well, if he has any sense, that the four millions of his colored countrymen are neither serfs nor outcasts, and never can be again. They are on perfect equality *with the whites as regards* their civil rights and before the law. If a portion of them should be excluded from certain political privileges for a time and for great public reasons, that would be nothing more than what happens to many white people in this republic and land of equal rights. All this talk about the negroes being serfs and outcasts is supreme nonsense, and is made for the purpose of blinding the American people to the real object of the Radicals. No, there is no fear of the negroes not having their rights; and *that is not the real question.* The object of the Radicals is to make the negro vote the balance of power in our political system and government. A small party sometimes holds the balance, as we often see, in both State and general elections. The four millions of blacks in the South may become the ruling power of the republic through holding that balance. We see already how demoralized and extreme the Republican party has become in its efforts to get the negro vote, if that vote can give it. In fact we are now in danger of having this great republic governed by the negroes. This is the "main question" really at issue, and all the pretence about negro rights is sheer humbug.—*N. Y. Herald.*

THE DAMAGE QUESTION.

That Nicholas Heltzel worked diligently to get the Border Damage bill through the Legislature, all honest men believe. There is plenty of testimony to his faithfulness. Here is one item: Mr. Calvin, a member of the House from Bucks, under date of Doylestown, August 18, 1867, writes: "I have been four years in the State Legislature, and voted against the Chambersburg bill; and should have *done so against the* one last winter had it not been for Mr. Heltzel. I could name many others who did the same thing. He gave such an honest and fair account of the whole transaction. I have no doubt if the sufferers fully understood the matter, they would all vote for him, irrespective of party."

This testimony to Mr. Heltzel's usefulness is worth more than a dozen of McConaughy's "squirmy" speeches.

THE Negro Question will not disappear from our politics until solved by giving to all men equal civil and political rights."

Such is the declaration of the Radical leaders in Adams county. They *mean* by "*equal civil and political rights,*" the negro at the ballot box, the negro in the jury box, the negro in the ladies' car, and the negro in the white schools! White men of Adams, will you endorse such infamous doctrine with your votes? Give the negroites your answer at the polls—No! No!! NO!!!

TWO Germans—Matthias Rohles, *for* the Legislature, and Gustave Scheitger, for Sheriff—nominated by the Radicals of Davenport, Iowa, have left that party and taken their places as Democrats upon the Democratic ticket. The intolerant and proscriptive spirit of Radicalism drove them to this step and thousands of Germans, there and elsewhere in the West, have followed them out of the Radical party.

VOTE for Jacob Lott, for County Commissioner. He is one of our oldest and best farmers, well-informed on all subjects, sound in judgment, and economical in all things. He is just the man the tax-payers want for the office.

DEMOCRATS, don't "trade" votes at the election. The Radicals cannot elect one of their men if Democrats turn out and vote the whole ticket. The opposition leaders know this, and hence will advise their rank and file to "trade." White men, don't accommodate them.

VOTE for Henry J. Kuhn, for Jury Commissioner. He is excellently qualified, and well acquainted throughout the county. The office needs his services.

VOTE for Martin Getz, for Director of the Poor. A man of sound sense, and careful in all transactions, it would be hard to find his superior for the office.

DEMOCRATS, stick to the ticket—the *whole* ticket. Remember that every "scratch" of the name of a Democratic candidate, is a help to the negro Radicals.

RADICAL THUNDER.

The Radical State Committee are circulating through the State, and endeavoring to place in the hands of Democrats, a lying document, appealing to the pecuniary interest of the voter. We give it entire, and also annex some comments upon it. Read it and notice its falsehoods:

FACTS FOR GOVERNMENT BONDHOLDERS AND THE HOLDERS OF GREENBACKS.—READ, REFLECT—AND HAND TO YOUR NEIGHBOR.

In 1861 eleven States seceded; and since then only twenty-three have been represented in Congress, until the admission of Tennessee in 1866.

All the United States Bonds—5-20's, 7-30's and 10-40's—all the greenbacks, and all the National Banks, were created by this Congress of twenty-three States.

President Johnson calls this an "*assumed Congress*"—therefore not legal. His supporters and the Democrats call it a "*rump Congress*" and a "*usurping Congress*" and hence not a *lawful Congress*; and the great effort has been to *elect* Congressmen in the North, and *admit* enough from the rebel States to enforce this "*Policy.*"

If a Congress, representing but twenty-three States, be not a *lawful* Congress, then every United States Bond, and all our greenbacks, and National Bank notes are worth nothing; because an *unlawful* Congress could not make *lawful* Bonds or *lawful* money.

The mad effort, so recently made by the rebels and their sympathizers, to destroy this Government *by force of arms*, failed. Thus far, the attempt to do the same thing, *through Congress*, has also failed, because of the action of the loyal voters at the ballot-box: and the last effort at destruction is now being made THROUGH THE COURTS.

Witness the recent attempt by Democratic lawyers to induce the Supreme *Court of the United States* to issue an injunction, nullifying the Reconstruction Laws of Congress in Mississippi, Georgia, and other rebel States. Read also the opinion of GEORGE SHARSWOOD, the Democratic nominee for Judge of the Supreme Court of Pennsylvania, in which he gravely denies the constitutional power of Congress to make paper money a legal tender. (*Borie vs. Trott, Legal Intelligencer* of March 18th, 1864, page 92). Judges Woodward and Thomson of the same Court, announced from the bench *the same alarming doctrine* in 1865. (*See Mervine vs. Sailor, et al, Legal Intelligencer of June* 16 and 30, 1865, pages 188 and 205).

And this, too, in the face of the fact, that the Superior Courts of every loyal State in which the question has been raised, have sustained the power of Congress.

It requires, therefore, but little knowledge of either arithmetic or law, to estimate the imminent danger of putting any more men of Judge Sharswood's opinions on the Supreme Bench of the State!

If you believe the present Congress to be *unlawful*, or desire our National currency and Government Bonds to be declared *unlawful*, vote for George Sharswood.

If you believe the present Congress to be *lawful*, or desire their action on Currency and Bonds *to stand good*, vote to sustain them,—for the party that *created* the Greenbacks and the Bonds,—the party that sustained the war, and compelled submission to the National authority—and that stands pledged to keep faith with the Bondholders, and to maintain the National credit,—vote for Henry W. Williams, the worthy and honored nominee of this party.

LOOK AT THE OTHER SIDE.

When secession came, Democrats sustained *the Government*, shed their blood, invested their money in 5-20's, 7-30's, and 10-40's, sent their members to Congress, and obeyed the laws that a Congress of twenty-three States enacted. That was *their* Government and they loved it, they defended it, and many of them died for it.

During the war eleven States were not represented in Congress, *and they refused to be.* That was a lawful Congress, all obeyed it, and all its laws are binding under the Constitution.

When the war was over the South submitted, then the Radicals *kept them out* to give the negro power. They "*acted outside of the Constitution,*" as Thaddeus Stevens says.

If it be true that the Democrats are trying to destroy this Government, how strange it is that they should hold its bonds and notes, and fight and die for it. *Their object* is to preserve it, to bring it within the Constitution, to govern according to law, to economize its resources, and *to pay its debts.*

Are your Bonds and greenbacks safer *inside* of the Constitution or *outside* of it? If we have *no Constitution, as Stevens says*, what security have you for your debt? The Constitution is the title-deed to the property that *your debt is a lien upon.*

In the case of Borie against Trott, Judge Sharswood decided that a man *who agreed to pay a debt in gold should pay it in gold.* Was not this right? He did not decide the question of the power of Congress.

You hold a 5-20 or a 10-40 bond; the interest is payable in gold. The Government agreed to pay you in gold. The Radicals and their Judges say the Government *may* pay you in paper. Judge Sharswood holds that a contract to pay in gold should be enforced. Which best suits you? Which is the more honest?

Do you see where this Radical doctrine leads you? They *already* say that the *principal* of the Bonds *may be paid in paper.* If Judge Williams decides that *your interest is payable in paper*, is your contract with the Government carried out? Will he not so decide?

They will pay in paper if *their extravagance* makes it necessary. The interest on *our State Bonds was payable in gold;* the law made it so (*See Act of* 1840). In 1864, when gold was 166, the Radicals in the Legislature passed a law making it payable in paper, on the ground that they could save money (*See Legislative Record* 1864). Are you any more secure than the Bondholders of the State?

The expenses of the Government are more than its income. The Radicals are expending *two hundred and twenty-five millions* of your money for this year.—The Democrats spent *sixty-two millions* the last year they were in power, for the same purposes. Can you sustain this extravagance? Does not the security of your debt consist in prudent management, economy in public business, and in nourishing and developing our resources? Are the Radicals pursuing this course?

If you wish your bond and its interest *paid in paper* and your contract with the Government violated, vote for Henry W. Williams.

If you want contracts between man and man, and between yourself and the Government carried out, vote for George Sharswood.

SILENT.

Let it be remembered, that no Republican newspaper in this State has dared to deny that Congress is expected to enforce negro equality upon Pennsylvania by a sweeping enactment.

Let it be remembered, that no Republican newspaper in Pennsylvania has dared to deny that Judge Williams is pledged to decide such an act of Congress to be binding upon this State.

Let it be remembered, that on these great questions the whole Republican press is either silent, or that it speaks only to endorse these daring and detestable schemes.

DEMOCRATS, be on your guard against eleventh-hour RADICAL FALSEHOODS!

THE ADDITIONAL STATE TAX.

The Radical officers at Harrisburg have made a bold effort to replenish the Treasury, and one, as we think, by no means justifiable by any law or usage.

A year or two ago, the Radical Legislature repealed the State tax on real estate, and left the tax on personal property, about $300,000 stand. The Geary organ at Harrisburg frankly admits that the tax on personal property may not be necessary, and certainly it is not, but because the Legislature last winter, wisely or unwisely, neglected to pass the bill proposed by the State Treasurer, to apportion that amount among the several counties of the Commonwealth, therefore these officers gravely undertake to increase the valuation on personal property to such an extent over and above the valuation of the township assessors as to raise $625,000! Now, what reason was there for this arbitrary *addition of $325,000 to the State tax?*

For the last year or two there has been on an average nearly three millions in the Treasury of the State, and when we remember the rich drippings that fall from so large an amount, which cannot be less than $60,000 per annum in addition to legal salaries, we can hardly wonder that there should be some zeal on the part of the officers to collect taxes.

Perhaps also when these Radical officers found that the State sustained an annual loss of over $300,000 by reason of borrowing $23,000,000 at six per cent., exempt from taxation, to pay off a tax loan of a similar amount, at five per cent., they concluded to resort to this mode of proceeding to make it up.

Whatever may be the reason given for this outrage upon the tax-payers, it cannot relieve the Radicals from the charge of having repealed the State tax on real *estate only with a view to deceive* and humbug the people.

Had the Democratic party remained in power, the State tax on real and personal property would have been repealed years ago, and the State debt reduced $5,000,000 below what it is.—*Columbian.*

THE MORAL POWER OF A GREAT VICTORY.

If it were absolutely certain that Judge Sharswood would be elected by a handsome majority, we should be none the *less persistent in urging every* Democratic voter in the county to go to the polls. There is a vast deal of moral power in large majorities. What is needed just now is an overwhelming popular verdict against the infamous and destructive policy of the Radical revolutionists. They claim that the people endorse their acts. Do they? Do the masses of Pennsylvania approve of the open violation of the Constitution, of the destruction of States of the old Union and the erection of a set of negro republics in their stead? *Are they prepared to endorse military* despotism, the shameless corruption which prevails everywhere, the proposition to force negro equality upon us by Congressional enactments, the immense and almost unmeasured waste of the public money? We know they are not, and we are confident that they will say so on the 8th of October. But, they should speak in thunder tones. We want no meagre majority. Let every man resolve that he will leave no effect unemployed to increase the vote, and we will achieve a *victory which will be clothed* with immense moral power. Just such a triumph is possible. Proper organization and active exertion will give it to us. Then let us work with all our might. —*Lancaster Intelligencer.*

THE threats of the Radicals to impeach the President and precipitate the country into a new revolution, have unsettled the finances and made all holders of securities uneasy. If the Radicals succeed in October, they will carry out their infamous programme, and prevent that peace and prosperity which is "the calm health of nations." Their avowed policy has already sent up the price of gold, and with it will go up the cost of all the necessaries of life. This fact has determined thousands of independent voters to support the Democratic cause, and clearly foretells a grand Democratic triumph *in Pennsylvana.*

RADICAL organs are constantly charging that the late "rebellion" was projected by Democrats, and that every victory gained over the "rebels" was a triumph over the Democracy. These are falsehoods. There never would have been a "rebellion" had not the Abolitionists labored, as they confess, for twenty years to incite a dissolution of the Union and the overthrow of the Constitution. Besides this an examination of the election returns for President in 1860, discloses the fact that of the 856,524 votes cast in the eleven seceded States, 508,676 were cast for the Democrats, Douglas and Breckinridge, and 347,848 for the Republican and Native American candidates, Lincoln and Bell and Everett. The Democracy had only 160,828 majority in the whole South. Where were all these Republicans and Know Nothings during the war? They were fighting in the "rebel" armies and nowhere else.—*Patriot & Union.*

THE *Abend Zeitung*, a rabid German Radical paper of New York, is so discouraged by the political reaction as to assert that "the Radical party, having accomplished everything *it was organized* for, is now pining away for want of new issues." Let us give the finishing stroke to the corrupt concern by rolling up a huge Democratic majority in Pennsylvania on the 8th of October.

INTELLIGENT COLORED VOTERS.—The telegraph informs us that several hundred negroes were turned away from the polls in Richmond, because they had forgotten the names they gave in when applying for registration. What a comment on *the* dangerous folly of admitting the negroes of the South to the ballot-box. Our Republican institutions have been committed to the keeping of ignorant barbarians who do not even know their own names. Verily we have reached about the lowest possible depth of political degration.

THE New York *Herald*, a paper which keeps in the current of political movements, and changes sides as it forsees results, has lately taken strong ground against the Radicals. It confidently predicts a Democratic victory in Pennsylvania in the coming election, and declares that New York will unquestionably follow our lead. It is absolutely certain that we cannot be beaten in *this* State if we bring our full vote to the polls. Shall that be done? It is for Democrats in the rural districts to say.

IF a man makes a solemn contract with you to pay a debt in *gold*, is it honest in him to insist that you must take payment in *paper?* Judge Sharswood says *no*; Judge Williams says *yes.*—Which of them do you prefer for Supreme Judge?

THE Democrats have a majority of 20 on joint ballot in the new Legislature in California. The Rads had 66 majority in the old one. That is a considerable turn-round.

BUCHANAN VALLEY.

White Men Alive to the Issue!

The call for a Democratic meeting at Strabaugh's School-house, in Buchanan Valley, on Saturday evening, was handsomely *responded to*, and an earnest spirit prevailed. The following gentlemen were made officers:

President, Levi Irvin.

Vice Presidents, John Cole, Francis Will, Robert Bleakney, Samuel Bingaman, Peter Adams, John McKenrick, Rinehart Miller, Joseph I. Livers.

Secretaries, George Cole, Samuel McKenrick, Lewis Brady, James Irvin, Thomas Ball.

The meeting was addressed at some length by H. J. Stahle, when it adjourned with three rousing cheers for the white man's ticket. The right spirit is evidently at work among the people.

URGING the election of Judge Williams, Forney uses the following as a final argument: "It is also right that there should be no political distinctions among any of the children of our great Republic." As Judge Williams is also pledged to make the supreme Court a "fearless exponent of the equal rights of man," it is clear that, if elected, he will decide that the Rump Congress may overthrow our State Constitution and *subvert the will of the people with a negro suffrage act.* If, therefore, the people desire to maintain their Constitution and retain the right to control their domestic institutions in their own way, they must elect Judge Sharswood, whose first duty is the preservation of the Constitution.—*Patriot & Union.*

VOTERS, remember Jordy's six hundred dollar draft operation, and "plump in" your ballots against him on the second Tuesday of October.

IF the people desire to have the law of contracts sustained they must vote for Judge Sharswood.

KEEP it before the people that the Radical majority in Maine has been decreased exactly 16,002 votes.

DEMOCRATS, be on the lookout for SPURIOUS TICKETS!

THE LARGEST CIRCUS IN AMERICA COMING.—The gigantic combination of Thayer & Noyes will visit *Gettysburg*, Monday, Sept. 30th. We copy the following from the Pittsburg *Commercial* of August 26. The show is immensely popular there:

Thayer & Noyes' Great Circus and Wonderful Performing Lions and Elephants.—It will be gratifying to the many friends of Thayer & Noyes in this city and vicinity to hear of the immense success these gentlemen have been meeting with in the Eastern States. There is no exhibition traveling that could come to Pittsburg and stay as long and do as well as this firm's most excellent combination. *One of our exchanges, the* Utica *Observer*, says: "The advance of this gigantic combination, Thayer & Noyes' great circus, and wonderful performing lions and elephants, through New York State, is an event of the greatest importance to the lovers of public amusements, as it is an organization combining all that is instructive, pleasing and entertaining, and discarding all the elements, occasionally found in *traveling exhibitions, that would in the slightest* degree prove offensive to the most sensitive mind." The Oswego *Advertiser* says: "This concern is the acknowledged Hercules of the shows of the age, and is, without cavil or dispute, the only really extensive circus in the United States." The Elmira *Gazette* says: "This is the best exhibition ever witnessed in this city, the majority of their riders essaying their exploits upon bare-backed horses. The style in which Thayer & Noyes place their attractions before the people cannot fail to draw the largest of audiences to their establishment." This firm have recently added a new attraction to their already large collection of trained animals.—Through the agency of Avery Smith, Esq., a gentleman of great experience and most excellent judgment, they have purchased for the sum of ten thousand dollars in gold, the celebrated performing elephant, Hiram, whose public exhibitions at the Zoological Gardens, London, for the past twelve months, have been the wonder and delight of all England.—Mr. Chas. White, the *Lion King*, who was seriously injured in the den of four ferocious lions during his performance with them in the city of Rochester, New York, on the night of July 4th, has so far recovered from that terrible disaster as to again resume his terrific performances with these monster brutes of creation. Thayer & Noyes, with their usual liberality and enterprise, have had constructed for them and are now using a *portable Pneumatic gas works, and their* pavilion is nightly beautifully lighted by one hundred jets of brilliant gas—the only traveling exhibition on this continent that is so brilliantly and perfectly illuminated. The gas works are a great novelty. The construction is simple, and the light the most economical used. The expense of lighting Thayer & Noyes' immense canvass with one hundred four-foot burners over three hours, is *only* sixty cents. *This apparatus for cheapness,* safety, simplicity and durability, commends itself to persons "in search of more light."

The Lady's Friend.—A beautiful steel Engraving called "The Lace-Maker," leads off the embellishments of the October number of this "Queen of the Monthlies." Then we have the usual refined and elegant double Fashion Plate, engraved on *steel;* not a common lithograph on *stone.* This is followed by cuts illustrative of Children's Fashions, Walking Dress, Spanish Mantilla, Tunic Peplum, Velvet Jacket, New Basque Waistband, Lady's Jackets and Paletot, Princess Tunic, Paletot with Sash, Little Boy's Blouse, Little Girls' Paletots, &c. The Music is "The Wife's Dream," and is of itself worth the cost of the number. Among the Literary matter we note "Ralph Kirkwood's Sister-in Law," by Amanda M. Douglas; "How a Woman Had Her Way," by Elizabeth Prescott; the conclusion of "Orville College," by Mrs. Henry Wood; "In Love," by Helen M. Pratt; "How to Make Wax Flowers," (with illustrations,) Editorial Articles, Receipts, the Fashions, &c. We would suggest to our lady readers who desire to get a Wheeler & Wilson Sewing Machine, that the "Lady's Friend" offers one of these machines as a Premium for Clubs of Thirty names, and that it is not a moment too soon to commence making *up their lists for next year.* A beautiful Steel Engraving will also be sent gratis to every single ($2.50) subscriber, and to every person sending the usual clubs. (Specimen numbers of the magazine will be sent for twenty cents.

Price (with engraving) $2.50 a year; Four copies (with one engraving) $6.00. One copy of Lady's Friend and one of Saturday Evening Post (and one engraving,) 4.00. Address Deacon & Peterson, 319 Walnut street, Philadelphia.

Demorest's "Young America."—The present (October) number closes the first year of this popular juvenile periodical, which in that short space of time has won its way to thousands of children's hearts. Its toys, and colored illustrations, its "puzzle" pictures, and other quite original and attractive features, render it unique among periodicals for children; and we would advise them to lose no time in renewing their subscriptions. Something very novel and attractive is promised for the Christmas holidays. Subscription price, $1 50, with a microscope, book, pocket knife, or other handsome premium. Address W. Jennings Demorest, 473 Broadway, New York.

TOWN, COUNTY AND SURROUNDING COUNTIES.

The Compiler for the Campaign.—Only Twenty-five Cents!—We will furnish the COMPILER (large as it now is) at the low figure of 25 cents for the campaign, ending with the issue of October 11. "Circulate the documents!" The COMPILER stands by the white race against the mongrelism which Radical leaders are endeavoring to establish in this country, and will resist the infamous design at every point. White men everywhere must arouse to thwart the aims of the Radical fanatics and demagogues, and no better help can be found than the circulation of newspapers published in the interest of the white man. The COMPILER is doing, and will continue to do, its share.

The Fair.—Grand Success.—The fifth Annual Fair of the Adams County Agricultural Society opened here on Tuesday last, and will close to-day. It has proven a grand success in every way—in the exhibition of stock and articles, as well as in attendance. The crowd, large throughout, was especially so on Wednesday—estimated at from eight to ten *thousand.* We have neither time nor space for particulars. Enough for the present to say, that the Fair has proven everything the management expected. The grounds, track, and improvements generally, are admired by all of the many thousands visiting them. Adams county has another proud feather in its cap.

York County Fair.—The advertisement of the York County Fair gives interesting particulars. The Exhibition will be, as usual, attractive, and many of our citizens will take the opportunity to visit it.

The farm of Christian Wolf, near New Oxford, 40 acres, was sold at public sale to Christian Zinn for $57 per acre.

The Administrators of John Hoke, deceased, have sold to Hezekiah Latshaw for $30 an acre, 7 acres and 24 perches, being a corner of the farm belonging to said estate. Mr. Latshaw intends to build a residence upon it.

William A. Duncan, Esq., has sold the two "Bankert" houses, on West High street—the one Daniel F. Pittenturf for $800, the other to Wm. D. Holtzworth for $700.

Rev. Samuel Longenecker has sold his farm, in Straban township, 155 acres, to David Brown, of East Berlin, for $4,700.

Mr. Henry Witmor has *recently bought* of Henry Slothower, his property in Straban township, 35 acres, for $1,650.

Bank Stock Sold.—Mr. Henry Schriver, of Hanover, sold on Saturday last, by public sale, in that place, forty Shares of the Stock of the Gettysburg National Bank, (the old Bank,) in lots at prices *ranging from* $58.50 to $59.05; as follows: Edgar Slagle bought 14 shares, part at $58,50, part at $59.05; Henry Eichelberger, 5 shares, at $58.75; Isaac Loucks, 10 shares, at $58.75; Jacob Wirt, 5 shares, at $58.75, and 6 shares, at $59.00. The par value is $50.

Arrested.—On Friday George W. House, Deputy Sheriff of Knox co., Ill., reached this place, with a requisition for the arrest of Jesse Collins, who, with four other persons, is charged with having robbed a Factory in Knoxville. The process was placed in the hands of Sheriff Hann, who arrested Collins in Franklin township the same evening. Collins was formerly a citizen of this county, and during the war was a member of Co. K, 101st Pennsylvania Volunteers. At the close of the war he went West, and returned to this county several weeks ago. Deputy House left, with the prisoner, for Illinois, on Saturday morning.—*Star.*

Services.—There will be communion services at Lower Marsh Creek Church, on Sunday, Oct. 6—Prof. Ferrier officiating. Preparatory services on the Saturday previous at 10½ A. M.

Accident.—A little son of Mr. James Heck, of Cumberland township, had his arm broken about two weeks ago by being drawn by a strap over the pulleys of the threshing machine while driving it.

A Sad Accident.—On Wednesday of last week, a little child of Cornelius Bender, residing near Eppelman's mill, in Menallen township, was drowned by falling into a tub of water that was left standing at the pump. When found, life was extinct.

Mammoth Canteloup.—We are indebted to Mr. Thomas Barry, the accomplished gardener at St. Joseph's, near Emmittsburg, for a mammoth canteleup—the largest we have seen this season. Thomas is hard to beat as a gardener, and is one of the cleverest of gentlemen.

Peaches.—We are indebted to Mr. Michael Frey, of Cumberland township, for another present of splendid peaches. Mr. F. is a successful cultivator of fruit, and is acquiring quite a reputation for it. Success to him.

—Mr. Simon Hawn, of Mountjoy township, has also favored us with a basket of very fine peaches—large and delicious—for which he, too, has the printer's thanks.

A Present.—Fastidious people may talk as they will, but "sour krout" is *good.* We were doubly convinced of the fact the other day whilst partaking of "a mess" sent in by our town man, Mr. Jacob Remmel. It was a first-rate article, and all hands thank him.

Tall Corn.—Mr. William Spangler, of Straban township, on his way to the Fair, the other day, stopped at our office to show us a big stalk of corn—and it was a "tall one," measuring no less than fourteen and a half feet!

MR. Stahle, editor of the Gettysburg *Compiler*, called to see us on Monday last. He in company with some ten or twelve *others, pitched their tent upon* the opposite bank of the Potomac, for the purpose of angling for Bass, and we hope they were successful.—*Shepherdstown Register.*

With what joy and gladness do the people hail the advent and discovery of Coe's Dyspepsia Cure. It is a sovereign cure for Dyspepsia, Indigestion, and all diseases of the Stomach and Bowels. All druggists keep it.

J. W. Horner of Parkersburg, West Va., *says that* Dr. H. Anders' Iodine Water cured him of Scrofula. He had 37 running Ulcers when he commenced taking the medicine. Persons afflicted should make a note of this, and send to J. P. Dinsmore, 36 Dey Street, New York, for a circular concerning this remarkable remedy.

Large Democratic Meeting in the Court-house last night—addressed by John Gibson and John W. Bittenger, Esqs., *of* York. Proceedings next week.

VOTE THE WHOLE TICKET!

STOP AND CONSIDER.

Look at it, honest laboring men; look at it! You are *taxed to* support your government; you are taxed to support your local government; you are taxed to support your city government; and you are taxed to educate your own children or let them grow up in ignorance; and you are taxed besides to educate all the negro children in the Southern States under the infernal freedman's bureau bill.

A recent official report of the chief officer of the Bureau shows that the Federal government is paying with your money the salaries *of five thousand Yankee* school marms in the Southern States to educate the young baboons in that section. Where did the Jacobin rump Congress get the right to tax NORTHERN WHITE PEOPLE TO EDUCATE THE NEGRO CHILDREN IN THE SOUTHERN STATES?

Look at the figures and see what you are paying annually to educate the negro children in the Southern States.

Five thousand school marms at 30 dollars per month each, $150,000; twelve months in a year is twelve times one hundred and fifty thousand dollars, which makes $1,800,000

One million eight hundred thousand dollars a year of the taxes you pay the federal government goes to the school marms who are employed by the freedmen's bureau to teach negro children in the South, independent of the vast sum of money paid *for books and for* the renting and building of school houses.

Then again you pay over FIFTEEN MILLIONS OF DOLLARS a year for the support of the bureau salaries of its officers.—*Norristown Defender.*

HORACE Greeley, like Thad Stevens, is alarmed at the imminence of a Radical defeat in Pennsylvania. He says: "It is certain that they (the Democrats) will poll a heavy vote, and we warn our friends to prepare for a hard fight." This is virtually saying that the Rads have lost ground and can only, if at all, carry the State "by the skin of their teeth." *This is so* encouraging to the Democracy that every effort should be made to make Democratic votes. A very few are necessary to defeat Williams and elect Sharswood.

THE majority for the new Constitution in Maryland is about 21,000. A magnificent victory!

Eutler House.—Whilst at the Potomac, last week, we took occasion to pay Shepherdstown a "flying visit." The town, though still exhibiting decided marks of war, seems to have resumed its wonted life and enterprise. Chief among its "institutions" stands the Eutler House, than which we never found a better "country hotel." The dinner our party had was everything that could have been desired, embracing the whole range of dishes peculiar to the season, and all excellently cooked. Besides, and this is no small consideration, the proprietor was attentive and clever, as were all his assistants. We would advise our friends traveling that way to stop at the Eutler House, assured that they will be pleased with their stay under its friendly roof.

Peruvian Syrup:

A PROTECTED SOLUTION OF THE PROTOXIDE OF IRON, supplies the Blood with its LIFE ELEMENT, IRON, giving strength, vigor and new life to the whole system.

If the thousands who are suffering from DYSPEPSIA, DEBILITY, FEMALE WEAKNESSES, &c., would but test the virtues of the PERUVIAN SYRUP, the effect would not only astonish themselves but would please all their friends, for instead of feeling cross, [illegible] and miserable, they would feel cheerful, vigorous and active.

A DISTINGUISHED JURIST WRITES TO A FRIEND AS FOLLOWS:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a new man of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

The genuine has "PERUVIAN SYRUP" blown in the glass.

FRIDAY AFTERNOON, SEPT. 27, 1867.

A NEGRO JUDGE.—Among the telegrams to the Associated Press we find the following:

NEW ORLEANS, Sept. 18.—A negro Judge presided this morning for the first time on the bench of the First District Recorder's Court, in this city.

The good time predicted by the Radicals is coming rapidly, coming sure "sah." How long will it be until we shall have negro Congressmen, negro Governors and a negro President or Vice President? At the present rate of our advance, not long, "sah."

WHEN John L. Dawson moved in Congress to pay the soldiers in gold or its equivalent the Radicals voted down the proposition. When a number of Democrats in our Legislature did the same thing, it was voted down, over and over again, by the Radicals. The Radical policy was then and is now—gold for bondholders; paper for the people.

THE Radicals have always reproached the Southern people (whether justly or not is no matter) with intermingling their blood with the negroes. How much more, however, are the Radical leaders open to reprehension for attempting to strike down all the barriers to free intercourse between the races. The Radical "reconstruction" policy can end only in two ways—the creation of a nation of mulattoes or the extermination of one or the other race by a general war.

THE deaths from yellow fever at New Orleans still reach from forty to fifty daily. The disease is spreading to the interior towns.

COMMUNICATED.

DIED—On the morning of the 22d inst., in this place, FANNIE RIGGIN, wife of Wm. McClean, Esq., a native of Salisbury, Worcester county, Md.

Rarely are we called upon to record the departure of so gentle and loving a spirit. Timid, and shrinking from public observation, she yet drew around her a large circle of admiring friends, who loved her more as they better learned her many virtues. Shutting herself out from the busy world and devoting herself, with a loving zeal, to the welfare of the family circle so dear to her heart, she sought no praise, but all the more deserved it.

Gifted with a keen appreciation of the beautiful she recognized it everywhere in the handiwork of her Heavenly Father. In her heart dwelt her Saviour. Nearest to it lay her loving family, and all the world beyond seemed to her a field of flowers and fragrant beauty. Flowers were her delight and their cultivation her only recreation. They sprang up almost magically under her hand, as though they loved her and vied with each other in hastening to please her. It was touching to see how this passionate fondness for them clung to her even to the very last. A beautiful flower would kindle a smile upon her pallid countenance when even to smile cost an effort.

Like a flower she faded away. She was fully conscious of the approach of death and she did not fear to meet it. She had long loved and trusted in her Saviour, and was assured that he would not forsake her when she most needed his presence and help. Nor did he prove faithless to his promises. He gently supported her sinking spirit, and she fell asleep in his arms without a struggle.

She has left us a precious legacy—the indelible record of a pure and loving life. Her career was brief, but her life's work was well done, and her record is with her now and will follow her many days hence.

"Blessed are the dead who die in the Lord."

AN ACT

For the better and more impartial selection of persons to serve as jurors, in each of the counties of this Commonwealth.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same, That at the general election to be held on the second Tuesday of October, Anno Domini one thousand eight hundred and sixty-seven, and tri-ennially thereafter, at such election, the qualified electors of the several counties of this commonwealth shall elect, in the manner now provided by law for the election of other county officers, two sober, intelligent and judicious persons, to serve as jury commissioners in each of said counties, for the period of three years ensuing their election; but the same person, or persons, shall not be eligible for re-election more than once in any period of six years: Provided, That each of said qualified electors shall vote for one person only as jury commissioner; and the two persons having the greatest number of votes, for jury commissioner, shall be duly elected jury commissioners for such county.

SEC. 3. That the said jury commissioners, and the sheriff of the respective county, or any two of them, shall draw from the proper jury wheel, panels of jurors, as grand jurors of the proper county, and as petit and traverse jurors for the trial of issues, in fact, which may be taken in any action, in any of the courts, civil and criminal, of the several counties, aforesaid, in the manner now practiced and allowed; but before the said jury commissioners and sheriff shall proceed to select, or draw, jurors, in the manner aforesaid, they shall severally take the oath, or affirmation, now prescribed by law, to be taken by the sheriff and county commissioners, before selecting and drawing jurors.

SEC. 4. That so much of any act or acts of assembly of this commonwealth, as make it the duty of the sheriff and county commissioners, of any of said counties, to select and draw jurors, shall be repealed, and cease to have any force or effect, from and after the first day of December next, Anno Domini one thousand eight hundred and sixty-seven; Provided, That all acts, and parts of acts of assembly, now in force, in relation to the custody, sealing and unsealing, locking and opening of the jury wheel of the respective county, and all acts, and parts of acts of assembly, now in force, imposing any penalty, or punishment, on the sheriff and county commissioners, or either of them, for any thing done, or omitted by them, or either of them, in relation to the keeping, locking, opening, sealing, or breaking the seal, of any jury wheel, or in relation to selecting or drawing of jurors, shall be taken, deemed and held to apply to the said jury commissioners and sheriff.

SEC. 7. In case of the inability of either, or all of the said jury commissioners, by sickness, death, or other unavoidable cause, to discharge the duties of said office, or in case of neglect, or refusal to serve thereon, it shall be the duty of the president judge, in such county wherein said vacancy may have occurred, to appoint a suitable person, or persons, as the case may be, possessing the qualifications aforesaid, to perform the duties of said office, during such vacancy; and such person, or persons, after having complied with the requirements of the third section of this act, shall proceed to discharge the duties of said office during the remainder of the term so vacated: Provided, That the provisions of this act shall not apply to the city of Philadelphia.

THE UNION PACIFIC RAILROAD CO.

THEIR FIRST MORTGAGE BONDS AS AN INVESTMENT.

THE rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is, "Are these bonds secure?" Next, "Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are several times greater than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a bona fide property.

6th. Their amount is strictly limited by law to a sum equal to what is guaranteed by the U. S. Government, and for which it takes a second lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien,) may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to re-invest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay

Over Nine per Cent. Interest.

PROOFS OF THE SUPERIOR QUALITY OF THE

AMERICAN WATCH,

MADE AT
WALTHAM, MASS.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the hardest trial watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY,
OFFICE OF THE GENERAL SUPERINTENDENT,
ALTOONA, PA., 15 Dec., 1866.

Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent.

American [illegible]ch Co., Waltham.

We make now five different grades of watches, named respectively as follows:

Appleton, Tracy & Co.,	Waltham, Mass.
Waltham Watch Company,	Waltham, Mass.
P. S. Bartlett,	Waltham, Mass.
Wm. Ellery,	Boston, Mass.
Home Watch Company,	Boston, Mass.

All of these with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these Watches is provided with the Company's printed card of garantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country.

FRIDAY AFTERNOON, SEPT. 27, 1867.

Why it is that Potatoes Yield Less than Formerly.

A correspondent wishes to be told why the yield of potatoes is less than formerly. The reason is not difficult of discovery. It exists as a law of nature, embracing animal as well as vegetable organisms. They all have excretory as well as secretory functions. All throw off effete matter, and this matter is hateful to the secretory vessels on which vegetables depend for their development. If many crops in succession, of the same vegetable, are grown, the effete matter increases in proportion to the nutritive, and finally overcomes all efforts at successful cultivation. The food decreases and the poison increases, with every crop. If manure, general or special, is added to the soil, it increases the food, but does not necessarily diminish the poisonous effete matter. One hundred years ago potatoes were but little cultivated, and most grounds were left fresh for their production. Then and long afterwards, 40 bushels was not an extraordinary yield Now the increased taste for its use, and the great augmentation of our people, in numbers and ability to purchase, have made it necessary that great breadths of land should be used for its growth. In consequence of this, much of the land has become weakened to a degree that invites destructive enemies to feed on its substance—to take advantage of its weakened organization. Hence the rot, so called, and other ailments. Mother earth is a good mother, but like her sex generally she has a taste for variety in outer adornment. She will change her dress, even the most durable of her fabrics—her forests. These are ever varying in composition, and finally thrown off altogether for grasses. These, again, have their round of varieties, and in a long course of years give place to other plants. Mother earth will have her way, and those of us her children, who best understand her requirements will partake most largely of her bounties.

◆

Foot Rot in Cows.—At a recent meeting of the Herkimer Co. Farmers' Club, a member, Mr. Whiteman, said he had found out a certain and speedy cure for that pest to dairy herds, foot rot. It is reputed to be very damaging to cows, causing a loss of flesh and a partial and sometimes an entire cessation of the flow of milk. An ointment made of lard and red percipitate, in the proportion of one to four, mixed and applied to the sore, will prove effectual. He usually melts a quarter of a pound of lard and allows it to cool until it begins to thicken, and then adds an ounce of percipitate and mixes thoroughly. Apply to the parts affected, and rub in well twice or three times, a cure will be the result. Before making this application, clean the foot well with soap and water. Sometimes it is necessary to draw a rope between the claws—a hair one, if attainable, is the best.

◆

Line Fence.—The man who has purchased the farm adjoining yours has no right to demand that the division of the fence should be changed from what it was when the previous owner held it, if that division was equitable; and the last owner is bound to keep the same half in repair that his predecessors did. No matter how much he neglected to keep such fence in good repair, the last owner steps into his shoes, and cannot get rid of the liability to make such fence, as the law directs between different owners.

◆

To Remove Ink Stains from Tables, &c.—Apply to the stain a feather moistened with muriatic acid; do not suffer it to remain long, or a mark will be left; rub it briskly with a piece of soft rag, and when the stain is removed, drop a little sweet oil on the part and give it a polish.

To Purify Muddy Water.—In a quart of warm water dissolve an ounce of alum, and stir in about the proportion of a teacupful to each gallon. The impurities present will settle to the bottom and the water will in the course of a day be quite clear.

To Prevent Flat-irons from Sticking.—Irons are apt to stick to starched articles. To prevent this lay a little fine salt on a flat surface and rub the iron well over it. This will make the iron smooth, and also remove smokiness.

To Remove Wax-stains from Cloth.—Lay over the stain two thicknesses of blotting-paper, and apply for a moment the pressure of a moderately hot iron.—The stains will be instantaneously and entirely removed.

PACIFIC GUANO.

OFFICE OF GENERAL AGENCY 71 SOUTH STREET BALTIMORE, MD.

JOHN S. REESE & CO.,
Wholesale Agents for Company.

THE very extended use of this Guano throughout the country renders it unnecessary to say more this season, than its *composition* and *quality* are precisely the same as that heretofore sold for the Company.

We have had this Guano from the beginning under a regular system of rigid inspection, at an expense to the Company of many hundreds of dollars annually. This is done for the *protection* alike of the *consumer* and the *Company*, as it is manifest to all who understand the trade in fertilizers, that it cannot be safely conducted on any other principle. The importance and extent of the trade demands this protection.

We are prepared to exhibit Dr. A. Snowden Piggot's *certificate of inspection* for every cargo sold. Consumers must observe the name of JOHN S. REESE & Co. branded on the bags, none other genuine.

TO OUR CUSTOMERS.

WE take pleasure in announcing to Dealers in Fertilizers, and the Agricultural public, that we have within the past year increased our facilities for the manufacture of our RAW BONE PHOSPHATE, to an extent unequalled by any other House in the United States or Europe. These facilities not only include the enlargement of our old established works in Philadelphia, known as the DELAWARE RIVER AGRICULTURAL CHEMICAL WORKS, but also the purchase of extensive and well stocked works at Chicago, Ill., with all the necessary machinery, cars, &c., to conduct the business. This establishment alone has produced, annually, over 5,000 tons of dried Bones and Meat, and is capable of being largely increased. We desire, by the closest supervision, to conduct these two concerns so that our customers will derive a practical benefit from their consolidation, in obtaining a MANURE which shall maintain a standard and uniform quality, and at the lowest possible price.

SEWING MACHINES.

The Grover & Baker.—The Best in Use.

THESE Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money*, and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR ORGANS AND MELODEONS.

These Instruments stand forward by anything found in this country or in Europe, as is admitted by all unprejudiced judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and roundness of Tone, the essential features in instruments of this class. We invite the [illegible] scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This latest and most wonderful invention, so acknowledged by all leading artists, will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

BRASS BANDS supplied with instruments and music at reasonable terms.

A Liberal discount allowed for Churches and Sabbath Schools.

Instructions given both in Vocal and Instrumental Music at our rooms, and at pupils homes, either to individuals or classes, on reasonable terms.

BASSINI'S

TWENTY MELODIC EXERCISES,

INTENDED AS

Studies to acquire the Art of Singing.

"THESE exercises were composed to be used simultaneously with his system, 'THE ART OF SINGING,' or with any *other method* for the cultivation of the voice, and will take the place of CONCONE'S SOLFEGGIOS, being more modern and better adapted to teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *utile et dulce*, which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and appreciation, and at the same time form the taste of the pupil. They must be studied carefully, with attention to the innumerable marks of expression and forms of ornamentation. Upon the minute accuracy with which these are accomplished depends the actual sterling advancement of the pupil; and every omission or slurring in these respects is time and effort wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give unexpected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects.—*Watson's Art Journal.*

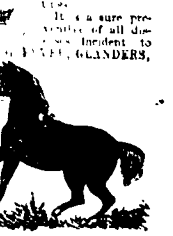
FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken down and low spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine looking and spirited horse.



To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.
